

1 Colorie les triangles rectangles.

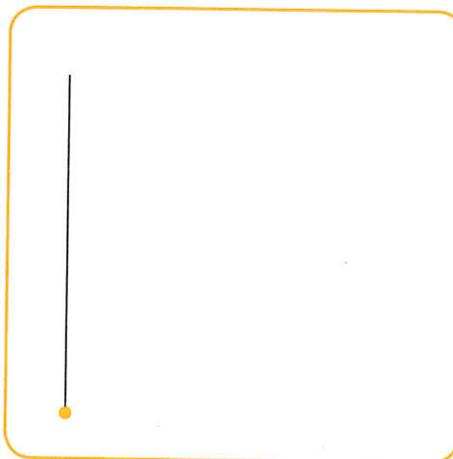

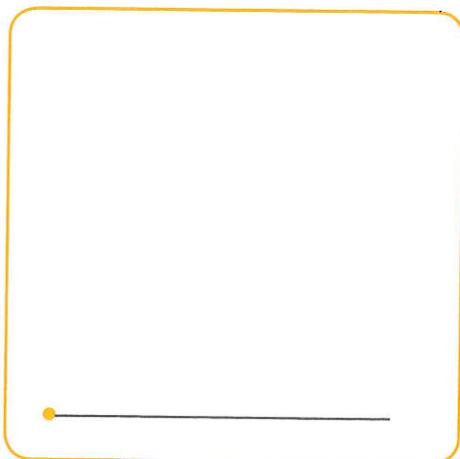

Le triangle rectangle a 3 côtés et un angle droit.

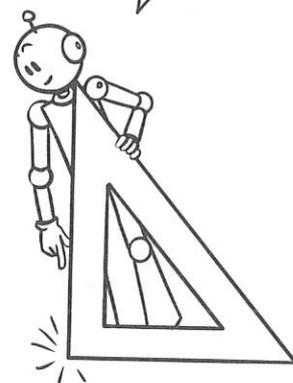

2 Trace un triangle rectangle dans chaque quadrillage à partir du point orange.

3 Termine ces triangles rectangles à partir de chaque trait déjà tracé.

Utilise bien ton équerre pour tracer ces triangles.

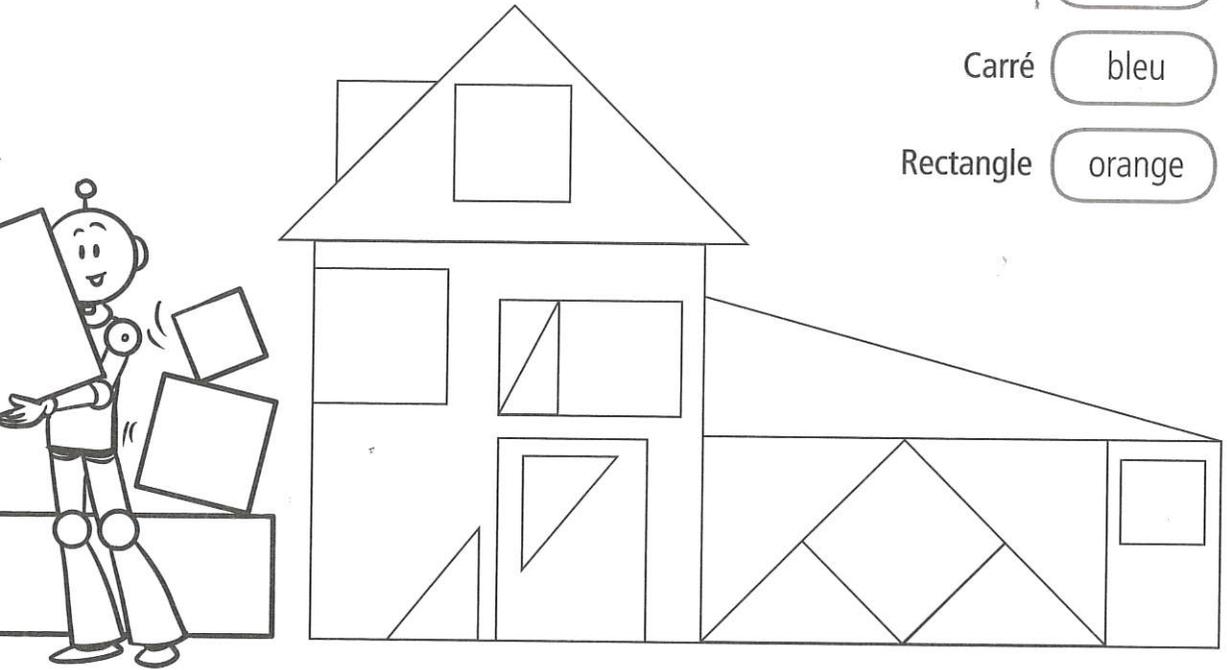

selon le code couleur.

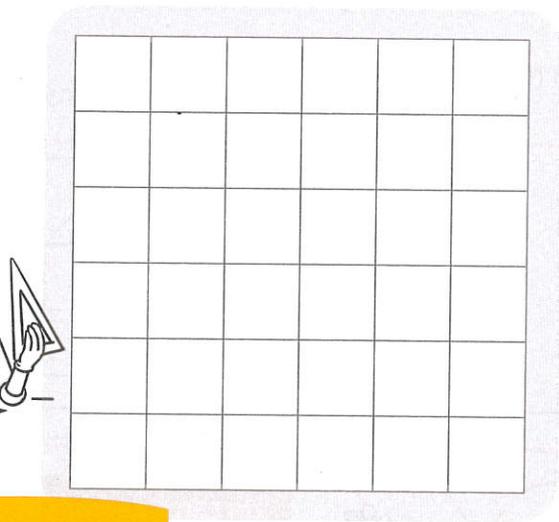

Triangle rectangle (jaune)

Carré (bleu)

Rectangle (orange)

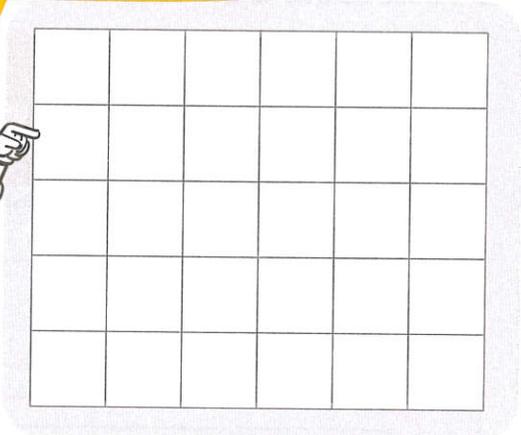

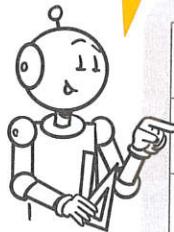

que te demandent les robots. Utilise ta règle et ton équerre.

ré de 4 cm

Un triangle rectangle

rectangle de 5 cm de longueur
le 3 cm de largeur
